*Reduce
Over-Time.*

MORE BENEFITS **GPS TRACKING CENTRE**

- * Reduce Over-Time.
- * Ability to show your clients EXACTLY how long your employee was on site (billable hours).
- * Better service response by seeing exactly where the nearest vehicle is.
- * Plan and adjust your routes to reduce fuel costs.
- * Print out your mileage rather than keeping a hand written log for CRA.
- * Address driving habits that may cause higher maintenance costs.
- * After hours – non-working time use of your company vehicle.
- * Time card- Start, Finish and time billing for employees and customer accounts.

CALAMP PRODUCTS:

VEHICLE / FLEET / EQUIPMENT / TRAILERS

LMU-3030H- Plug and Play GPS (3G)

Best suited for vehicles, Fleet Management

Ask about the OBD-11 Extension cable or J-9 Extension for easy set up and use

LMU-330H (hardwired) (3G)

With its water resistant casing, this unit is widely used for ATV's in addition to Skid Steers, Bobcat, Excavator, flat bed trucks and or anything else where a hardwired GPS is recommended. Additional I/O is available for PTO use.

TTU-1200H (hardwired) Trailer Tracker.

The TTU-1200H is a 3G Trailer Tracker that will hold a charge for up to 6 months while your Valuable asset is un-tethered from the tractor. Once Tethered again, it will charge.

Buy-Here- Pay Here Package:

Sub-Prime lease / rental vehicle security with the ability to not only track but also disengage ignition wirelessly. Very affordable package pricing which includes Hardware, Installation and First year tracking fee.

SATELLITE GPS PRODUCTS:

GPS TRACKING CENTRE IS AN AUTHORIZED GLOBAL STAR (SPOT) DEALER.

We carry both the Spot Trace and Gen3 Satellite BASED units.

When you require GPS Tracking outside a cellular coverage area, your obvious option is to Utilize Satellite GPS. Affordable and easy to use.

Spot Trace: Offers advanced theft – alert tracking for practically anything. The most common applications are: Vehicles (including off road- All Terrain) Outdoor-Back Country equipment like Snowmobiles and Boats. Receive a text message or e-mail when your most valuable assets move or follow them on Google maps through the FINDME SPOT platform. Updates are sent every 21/2, 5, 10, 30 or 60 minutes depending on your settings and plan.

SPOT Gen3: When your adventures take you beyond cell service, Spot Gen3 lets family and friends know you're OK or sends emergency responders Your GPS location, all with the push of a button. Add this rugged, pocket sized device to your essential gear and stay connected wherever you roam and safe.

Personal GPS TRACKING UNITS:
Our Personal GPS UNITS are either – WITH SOS button or WITH SOS and TWO-WAY VOICE. Ideal for Elder Care (dementia and Alzheimer), Children and Lone Workers. You can see where they are at all times with Live Tracking, call them via the TWO-WAY Voice (for emergency use only) or they can send a SOS message to their relative, friend or caregiver by a simple push of a button. SAFTEY is our First Priority- Ask about which PERSONAL GPS is best suited for your situation.

Private Investigation or Portable Short term Tracking:
GPS TRACKING CENTRE has designed our own SLAP and TRACK Unit. Installed in a weather proof, mini Pelican case, have set up a Fully Functional GPS TRACKER that is powered by a Lithium-Ion 3.7KXD 15.6AH battery pack giving you Days if not Weeks (depending on how active it is) of Live Tracking. Example of use: Vancouver to Edmonton to Fort McMurray, back to Edmonton and then Calgary and finally Back to Vancouver – On one charge. Travel was daily with stops in each city with a total of 8 days.

More CalAmp units are available to meet your needs. Call us to discuss how we may be of service

GPS TRACKING CENTER

Hardware costs are dependent on the unit utilized- Please ask us for recommendations for appropriate hardware and cost.
